through a funding arrangement
with the Industry Training Authority,
a BC Provincial Government Crown agency.

ACE IT PROGRAM

For more information go to:
<http://web.deltasd.bc.ca/programs/careerprograms>

WHAT IS ACE IT?

“ACCELERATED CREDIT ENROLMENT TO INDUSTRY TRAINING”

ACE IT is the technical training component of an industry training program (apprenticeship) for secondary school students. Training is done in the classroom and shop to complete Level 1.

HOW DOES A STUDENT BENEFIT FROM THE ACE IT PROGRAM?

- Head start on a career in the skilled trades.
- Registration as an apprentice with the ITA (Industry Training Authority)
- Elective graduation credits.
- Post-secondary Dual Credit registration at programs offered at BCIT, Kwantlen, and VCC
- Tuition is paid for by the school district

ACE IT PROGRAM

HOW DO STUDENTS APPLY?

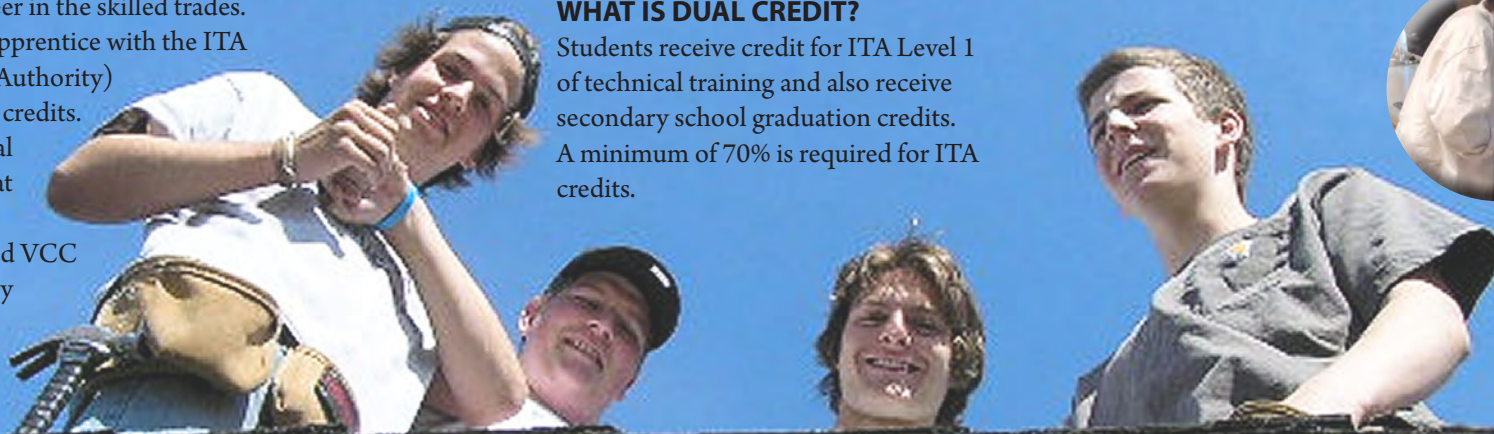

- Contact your Secondary School Career staff, Counsellor or Apprenticeship Facilitator.
- Discuss the program with your family.
- Attend a site visit to see the program.
- Submit a completed application package.
- Pass a screening interview.

WHAT IS DUAL CREDIT?

Students receive credit for ITA Level 1 of technical training and also receive secondary school graduation credits. A minimum of 70% is required for ITA credits.

WHAT ARE THE REQUIREMENTS FOR COMPLETION OF AN ACE IT PROGRAM?

240 hours of work-based training should be completed to fulfill an ACE IT program. Through Work Experience (WEX) students can gain unpaid on-the-job experience in the workplace. Four graduation credits can be earned for each 120 hours worked.

WHO IS ELIGIBLE FOR AN ACE IT PROGRAM?

Students must be enrolled in a Delta District Secondary School, over the age of 16 to start and under the age of 20 when the program is completed. Students accepted for an ACE IT program must complete training within 3 months of graduation.

PROGRAM COSTS

Tuition (\$500 to \$3500) is paid by the school district. All other costs (\$200 to \$1100) are the responsibility of the parent/guardian/student. These other costs may include textbooks, safety gear, transportation, and tools. Each ACE IT Program is different.

WHAT IS SSA?

Secondary School Apprenticeship is a work-based training (WBT) option for industry training (apprenticeship) available to secondary school students. Students need to be hired and working under a journey person.

Students can add SSA to their ACE IT program, or start as SSA and apply for ACE IT. Either can be done separately. See our website and the SSA brochure for further information.
